Legislative Districts are those used in 1991 through 2001. **Population** is drawn from Census 2000 for Washington State. **Total Client Count** is the number of people living in that legislative district who received one or more DSHS services while living there during FY2000. Clients who lived in more than one legislative district were recorded in the last district in which they were served. Client counts rounded to multiples of five. Source: DSHS-RDA FY2000 Client Services Data Base. **Use Rate %** is the percent of the 2000 legislative district population that used DSHS services (clients over population).
